

Coating Department Intern

NO EXPERIENCE IS NECESSARY.

ISP Optics Corporation is looking for detailed oriented, enthusiastic and responsible team players who are open to learn and develop important skills in the precision optics manufacturing Industry. ISP Optics has been in the Industry for over 25 years, and is known as The Infrared Company. Our engineers are smart, creative, and hard-working, and they are looking for interns to train to participate in essential steps of our manufacturing process. The interns hired for this position can expect to learn a great deal about the manufacturing of Infra-Red optical components, and will leave this position with invaluable skills.

Knowledge and Skills Required:

- Must be detailed oriented and well organized.
- Able to work independently in a fast paced, dynamic, production environment.
- Proficiency with Microsoft Office software such as Word and Excel.
- Occasionally required to lift or move up to 50lbs.
- Must be able to understand 3D drawings.
- Knowledge of CAD software is preferred.
- Skillful using tools such as calipers and micrometers.

Responsibilities: Work closely with engineering team to:

- Optimize organization of manufacturing tools and equipment.
- Process documentation.
- Inspect incoming tools.
