Optical Thin Film Coating Technician II

ISP Optics Corporation is looking for enthusiastic team players who are open to a new career in the field of precision optics manufacturing. In this position you will learn to how to prepare optics and operate a state-of-the-art thin film coating chamber to manufacture optics for infrared (IR) optical components. This is a great opportunity to learn high-tech, high-precision skills. ISP Optics is known in the industry as *The Infrared Company*, with all necessary manufacturing capabilities performed in-house. We have been in business for over 25 years, and we have room for you to develop your career. It is the perfect opportunity to join a company in a consistently growing industry. We will train you and help you integrate smoothly into YOUR new career. We are located on the Metro North Line (a 5 minute walk from the Irvington Station).
